ORIGIN AND ALLERGENS

Eggs and dairy products

We serve cheese from the Parpaner alpine cheese factory.

The farmer in Cazis supplies us with regional eggs and the Grisons ice-cream supplier "Glatsch" from Surava provides us with high-quality ice-cream, made from organic swiss milk and, where possible, Swiss fruits.

Meat & Bread

We source our meat and bread from Switzerland and maintain partnerships with farmers and producers from the region, such as the Rusterholz family from Cazis and the Künzli butcher's shop in Chur, who spoil us with their specialities.

Fish

We are happy to provide you with information about the origin of our fish according to daily offer.

For reasons of sustainability, at 1500 m.a.s.l we mainly serve freshwater fish, preferably from Switzerland.

Allergies, intolerances and additives

Please inform us of any food allergies or intolerances so that we can advise you accordingly and inform our kitchen to serve you suitable alternatives.

On request, we can also offer selected dishes in vegan, gluten-free or lactose-free versions.
